

38/400 MATTE SILVER METAL OVERSHELL STRAIGHT SIDED CAP F217

Its application range extends to cosmetics, personal care, wellness, supplements, household, and specialty products. Even on the same neck finish, liner thickness and thread engagement can materially change seal performance. The 38/400 Matte Silver Metal Overshell Straight Sided Cap F217, PackagingBuyer Part 137280, gives product teams a clearly specified packaging closure for commercial development. Before release, evaluate application torque, seal integrity, removal force, and distribution performance.
