# 38/400 RIBBED NATURAL YORKER DISPENSING CAP

It is relevant to adhesives, hair color, laboratory liquids, craft products, and specialty chemicals. The development value of Part 131260, the 38/400 Ribbed Natural Yorker Dispensing Cap, lies in how its stated attributes guide component pairing and positioning. Tip diameter controls placement and flow, so it should be selected around viscosity and the precision expected by users. Qualification should cover thread engagement, liner compatibility, line application, and expected storage conditions.

**SKU:** 131260 | **Categories:** Caps, Dispensing Caps, Plastic Caps, Plastic Yorker Caps |
