38/400 SILVER METALIZED DOME CAP F217

When the brief calls for a well-defined compression-molded closure, Part 135550, the 38/400 Silver Metalized Dome Cap F217, provides a practical specification to evaluate. Its application range extends to prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. Tall and decorative profiles can improve presence while adding leverage that makes torque control more noticeable to users. Use filled-package trials to qualify fit, liner compression, leakage, and repeated opening performance.

SKU: 135550 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
