38/400 SMOOTH DARK GREEN NUTRAFLAPPER DISPENSING PP CAP

The format can serve powdered supplements, bath salts, pet-care powders, and granular household products. The 38/400 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Part 129390 describes the 38/400 Smooth Dark Green NutraFlapper Dispensing PP Cap, a flapper dispensing closure whose commercial value depends on thoughtful component integration. Before release, evaluate application torque, seal integrity, removal force, and distribution performance.
