FOR DETAILS

The 58/400 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Part 119220, the 4 oz 58/400 Regular Wall Oval Amber PET Jar, addresses both the technical and visual decisions that shape a finished jar packaging format. Its application range extends to skin-care creams, body butter, hair treatments, wellness powders, and supplements. Production-intent samples should be filled, sealed, decorated, and distribution-tested before commercialization.
