40/400 WHITE UREA DOME CAP F217

Potential uses include prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. Tall and decorative profiles can improve presence while adding leverage that makes torque control more noticeable to users. Part 135780 describes the 40/400 White Urea Dome Cap F217, a compression-molded closure whose commercial value depends on thoughtful component integration. Before release, evaluate application torque, seal integrity, removal force, and distribution performance. That discipline protects both package performance and the consumer experience.

SKU: 135780 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
