51/400 GOLD METALIZED DOME CAP F217

Likely development programs include prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. The 51/400 Gold Metalized Dome Cap F217, PackagingBuyer Part 136200, gives product teams a clearly specified compression-molded closure for commercial development. A premium cap profile still requires careful review of thread engagement, liner compression, and removal force. Final approval should follow closure-fit testing, seal evaluation, decoration review, and shipping trials. This keeps sourcing decisions tied to measurable package requirements.

SKU: 136200 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
