53/400 SMOOTH WHITE FLIP TOP DISPENSING PP CAP

When the brief calls for a well-defined flip-top dispensing closure, Part 131130, the 53/400 Smooth White Flip Top Dispensing PP Cap, provides a practical specification to evaluate. Before release, evaluate application torque, seal integrity, removal force, and distribution performance. Orifice geometry, hinge life, opening force, and shutoff cleanliness should be tuned to the product's viscosity. The format can serve personal care, hair care, sun care, wellness, and household products.
