58/400 SILVER METALIZED STRAIGHT SIDED CAP F217

Part 136610 gives development teams a focused basis for testing this compression-molded closure. Confirm thread fit, torque, liner performance, leakage resistance, and opening behavior on production containers. Phenolic rigidity supports a precise feel, but liner selection and torque remain central to reliable sealing. Product teams may consider it for prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. That discipline protects both package performance and the consumer experience.

SKU: 136610 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |

ADDITIONAL INFORMATION
