58/400 WHITE SMOOTH STRAIGHT PP CAP / F217 LINER

The 58/400 White Smooth Straight PP Cap / F217 Liner (Part 138040) gives brands a concrete packaging closure for balancing usability, manufacturing, and shelf communication. Nominal finish compatibility is only the first screen; thread profile, land geometry, torque, and liner compression decide sealing. Confirm thread fit, torque, liner performance, leakage resistance, and opening behavior on production containers. Potential uses include cosmetics, personal care, wellness, supplements, household, and specialty products.
