58/400 WHITE SMOOTH STRAIGHT PP CAP / PS LINER

Packaging engineers can assess Part 138050, the 58/400 White Smooth Straight PP Cap / PS Liner, against the product, process, and presentation requirements of the program. Product teams may consider it for cosmetics, personal care, wellness, supplements, household, and specialty products. Closure appearance should not outrank application torque, removal force, liner choice, and repeated-use behavior. Prototype with the intended container and product to verify torque range, sealing, and consumer handling.
