

60 ML 20/410 EVOLUTION SLIM ROUND CLEAR PET BOTTLE

When the brief calls for a well-defined bottle packaging format, Part 110410, the 60 ML 20/410 Evolution Slim Round Clear PET Bottle, provides a practical specification to evaluate. Container stiffness should be considered against squeeze expectations, top load, storage temperature, and distribution stress. It is relevant to personal care, wellness, supplements, specialty foods, beverages, and household products. Production-intent samples should be filled, sealed, decorated, and distribution-tested before commercialization.
