# 65 ML 53/400 ELEGANTE CLEAR GLASS JAR

Wall construction influences hand feel and panel stability, especially with dense creams or hot distribution conditions. For Part 117960, the central question is how the jar packaging format behaves in the assembled package. Product teams may consider it for skin-care creams, body butter, hair treatments, wellness powders, and supplements. Confirm compatibility, closure fit, decoration adhesion, line handling, storage, and distribution performance. Good component decisions here can prevent costly changes during scale-up.
