70/400 GOLD METALIZED PLATEAU CAP F217

A premium cap profile still requires careful review of thread engagement, liner compression, and removal force. The 70/400 Gold Metalized Plateau Cap F217 is listed as Part 136890 and should be considered as part of the complete package, not in isolation. Product teams may consider it for prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. Confirm thread fit, torque, liner performance, leakage resistance, and opening behavior on production containers.
