

70MM WHITE PETG SEALING DISC

Product teams may consider it for cosmetics, personal care, supplements, wellness, household, and laboratory packaging. The development value of Part 117760, the 70mm white PETG Sealing Disc, lies in how its stated attributes guide component pairing and positioning. A sealing disc is only as reliable as the container land, closure pressure, liner construction, and process window. Confirm thread fit, torque, liner performance, leakage resistance, and opening behavior on production containers.
