

8 OZ 24/410 EVOLUTION ROUND CLEAR PET BOTTLE

It may fit briefs involving personal care, wellness, supplements, specialty foods, beverages, and household products. The 24/410 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Part 110610 should be judged on technical fit, line performance, and the finished user experience. Commercial approval should reflect filled-package testing under realistic processing and distribution conditions. That discipline protects both package performance and the consumer experience.
