

8 OZ 24/415 NATURAL BEVELED SQUARE HDPE BOTTLE

Shoulder and base geometry deserve line trials because they influence filling stability, label placement, and residual product. The format can serve cosmetics, personal care, wellness, supplements, household, and specialty products. For a production-intent package, the 8 oz 24/415 Natural Beveled Square HDPE Bottle (Part 107290) offers a defined bottle packaging format rather than a generic starting point. Confirm compatibility, closure fit, decoration adhesion, line handling, storage, and distribution performance.
