83/400 MATTE SILVER METAL OVERSHELL STRAIGHT SIDED CAP F217

It is relevant to cosmetics, personal care, wellness, supplements, household, and specialty products. When the brief calls for a well-defined packaging closure, Part 113190, the 83/400 Matte Silver Metal Overshell Straight Sided Cap F217, provides a practical specification to evaluate. The 83/400 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Use filled-package trials to qualify fit, liner compression, leakage, and repeated opening performance.
