89MM WHITE LDPE SEALING DISC WITH TAB

CONTACT US
FOR DETAILS

Potential uses include cosmetics, personal care, supplements, wellness, household, and laboratory packaging. Product developers comparing package sealing component options can use Part 117820, the 89mm white LDPE Sealing Disc with tab, as a focused candidate for qualification. Seal qualification should address product chemistry, removal experience, storage conditions, and distribution stress. Final approval should follow closure-fit testing, seal evaluation, decoration review, and shipping trials. This keeps sourcing decisions tied to measurable package requirements.

SKU: 117820 | **Categories:** PP Sealing Discs, Sealing Discs |
