E3 GOLD PHENOLIC DOME CAP F217

It may fit briefs involving prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. When the brief calls for a well-defined compression-molded closure, Part 134460, the E3 Gold Phenolic Dome Cap F217, provides a practical specification to evaluate. A premium cap profile still requires careful review of thread engagement, liner compression, and removal force. Final approval should follow closure-fit testing, seal evaluation, decoration review, and shipping trials.
