E5 SILVER METALIZED ROYAL CAP F217

Likely development programs include prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. Tall and decorative profiles can improve presence while adding leverage that makes torque control more noticeable to users. When the brief calls for a well-defined compression-molded closure, Part 135080, the E5 Silver Metalized Royal Cap F217, provides a practical specification to evaluate. Before release, evaluate application torque, seal integrity, removal force, and distribution performance.

SKU: 135080 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
