E5 SILVER PHENOLIC DOME CAP F217

Phenolic rigidity supports a precise feel, but liner selection and torque remain central to reliable sealing. It may fit briefs involving prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. When the brief calls for a well-defined compression-molded closure, Part 135040, the E5 Silver Phenolic Dome Cap F217, provides a practical specification to evaluate. Final approval should follow closure-fit testing, seal evaluation, decoration review, and shipping trials.

SKU: 135040 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
