E6 GOLD METALIZED ECLIPSE CAP F217

Part 135220 should be judged on technical fit, line performance, and the finished user experience. Use filled-package trials to qualify fit, liner compression, leakage, and repeated opening performance. Tall and decorative profiles can improve presence while adding leverage that makes torque control more noticeable to users. It may fit briefs involving prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. The best result will balance line efficiency with intuitive consumer use.
