E6 WHITE UREA ECLIPSE CAP F217

Tall and decorative profiles can improve presence while adding leverage that makes torque control more noticeable to users. It is relevant to prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. For a production-intent package, the E6 White Urea Eclipse Cap F217 (Part 135260) offers a defined compression-molded closure rather than a generic starting point. Before release, evaluate application torque, seal integrity, removal force, and distribution performance.

SKU: 135260 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
